ATU Local 113
812 Wilson Avenue
Downsview, ON M3K 1E5

Dear Brother Moore:

Many thanks to your local union for contributing to the ATU's long fight for a cure to multiple sclerosis. Your locals very generous contribution of \$30,000 to the ATU MS Research Fund will go directly to support research. Your contribution also helped us raise over \$129,000 in support of our annual golf tournament, which was a great day for a great cause.

We know you receive a lot of donation requests and we are delighted that you have chosen to support our fund. We hope you will consider an annual donation each year for our tournament. We make a difference. Due to charities like the ATU MS Research Fund, research in MS is progressing at a remarkable rate, with more potential therapies in the pipeline than at any other time in history. The National MS Society is supporting and stimulating world-class research into ways to prevent, better treat and cure this unpredictable disease of the brain and spinal cord.

We have seen significant progress in fighting this disease since we first began this fund in 1986, in response to a beloved local president, Jerry Long, who was inflicted with this disease. After a long battle with MS, Jerry passed away, but we know today his life could have been prolonged with the significant advancements made in research and treatment of MS.

Thank you again for your willingness to support this great cause, the ATU MS Research Fund.

In solidarity,

A handwritten signature in black ink that reads "Oscar Owens". The signature is written in a cursive style.

Oscar Owens
